(Special to the Advertiser.)

SAN FRANCISCO, Feb. 27.—The United States Fish Commission expedition to Hawaii will sail in a day or two from this port for Honolulu. The party will continue the work so ably begun by President Jordan of Stanford University, and Professor Jenkins last summer. Charles H. Gilbert who is the head of the zoology department at Stanford University, will be in charge of the expedition, and will be assisted by Professor C. C. Nutting of the zoology department of the University of Iowa, J. O. Snyder, instructor at Stanford in zoology, and Walter K. Fisher, a Stanford graduate, who has done special work in natural history investigations.

## EUGENE FIELD'S WIDOW HERE.

On the Sonoma will arrive in Honolulu Mrs. Julia S. Field, widow of the distinguished dead poet, Eugene Field, whose verses have made a world laugh and weep. Mrs. Field has been in Alameda for some days, visiting the family of Henry K. Field, cousin of Eugene Field.

Mrs. Field is well known to all those who love the work of the Western poet, and who are familiar with his life, as the sweetheart whom he wooed so impetuously and won against the protestations of her relatives. She was Julia Sutherland Comstock, and lived in St. Joseph, Mo. She was but sixteen years old when Field met her, and shortly afterwards he went to Europe. He stayed six months, and then returned and wedded Miss Comstock, despite barriers interposed. Often in his writings he has sung her praises, and told of her struggle to keep the family purse from being continuously emptied by his improvidence.

Mrs. Field lives in Chicago, where her husband spent the last years of his life. Her daughter who made quite a reputation as a reader of her father's poems, is now married, and the other children are at college. Mrs. Field is accompanied on the Sonoma by a party of Chicago friends. They expect to remain about three months, and may go on to Samoa and Fiji.

**MURPHY STILL AT WORK.**  
Francis Murphy, the apostle of temperance, is in Los Angeles, conducting gospel temperance meetings in the Young Men's Christian Association Hall. Mr. Murphy is not as strong as he was in Honolulu, and finds his work telling on him. A Los Angeles paper says of him:

During the early years of the Pennsylvania oil fields excitement, when life in the Alleghany mountains was as strenuous as ever was lived in a western mining camp, a name that was known from Pittsburgh to Scranton was Francis Murphy, the keeper of dance halls and saloons. Murphy was great in his work of creating temperance, as he has been since in promoting total abstinence.

In 1879 Mr. Murphy delivered his first

temperance lecture. He began then a crusade against drunkenness that swept on and on, till the name of Francis Murphy was known as wide as the world. At one series of meetings in Pittsburg 45,000 people signed his pledge and became "Murphys."

Mr. Murphy is now 66 years of age. His hair is almost snow white, and he shows in a growing feebleness the weight of hard work that he has done. But he has no thought of giving up the work. He has returned only lately from a trip to Australia and New Zealand, and before coming south held meetings at Sacramento and other cities in the northern part of the State. During the Spanish-American war he served as a chaplain with the army in Cuba.

Mrs. Murphy, who for a number of years worked with her husband, has given up traveling, and makes her home at Fair Oaks, near Sacramento, where they own a large ranch.

**TO LOAD OIL FOR HAWAII.**  
The Standard Oil Company, it is understood, is in a project to build an electric railway from Ventura to Bakersfield. The purpose of the road is to carry oil from the Bakersfield wells to the port of Ventura, where a line of tank steamers will receive it for Hawaii and the Orient. The original surveys were for a pipe line to carry oil from the Kern and Sespe wells to the seaboard, but it was found that the production of the wells is too heavy for economical transmission through pipes, and the determination to build an electric railroad to haul the oil was reached.

## TO SET THE WAHINES FREE.

At the National Women Suffrage Convention in Washington some days ago, Susan B. Anthony made an eloquent plea for the carriage of the gospel of women suffrage to the benighted heathens in Hawaii. She pleaded that the "long-suffering women of the Islands" be given an opportunity to know fully the saving grace of suffrage. Susan, who is, of course, the best known suffragist in America, worked herself into a very frenzy of pity for the wearers of the holoku, and it would not surprise me if she herself took a trip to Honolulu to investigate conditions. Speaking of the school teachers who have gone to the Philippine Islands, she said: "Think of them being put under the heel of barbarians of the Philippines, and the barbarians sent from this country, who are worse than the Filipinos."

Susan Anthony wants to correspond with some wide awake woman in Honolulu, in order to stir up sentiment in favor of woman's right to vote. I have sent her the address of Princess Wilcox, and informed Mrs. Anthony of the strenuous life being led by the Princess in Hawaii, as an example of the possibilities for women even in a semi-tropical climate.

## CIGAR DEALERS ALARMED.

The big dealers in cigars here who have had a profitable trade with Hawaiian tobaccoists are very much alarmed over the statements that an immense quantity of Manila cigars are coming to Honolulu, on account of the ruling that there was no duty on them. They fear that the smokers of Hawaii will acquire the taste for Manillas, which they had before the tariff of the United States was put in force. With a fine Manila cigar for five cents, it is

In the Home Ruler of March 1, appears the following paragraphs written or uttered by Delegate Wilcox:

The brainless hooles whom I meet in Hawaii are unknown here in America.

R. W. W.

Of all the missionaries in Hawaii, none are fit to black my boots.

R. W. W.

The greatest honor ever bestowed upon me is that I am of the race—a Hawaiian—one of yourselves.

R. W. W.

No money in this world could ever purchase my heart, but a mite from Hawaii's native poor, can win it.

R. W. W.

The day will come when those who have abused and trampled me underfoot will bend the knee to me and pray to me as I pray to their God.

R. W. W.

I am not a man made from wood, but a man made from steel.

R. W. W.

## A PLEA FOR THE DEMOCRACY.

The following article, which incidentally exposes the Wilcox game at Washington, is from Ke Aloha Aina of March 1:

It was Cleveland, the Democratic President of the United States of America, who sent here Commissioner Blount to Hawaii to make investigations into matters concerning our overthrow. And he also sent the American Minister A. S. Willis with instructions to restore the monarchical government of Hawaii and Queen Liliuokalani.

It was J. H. Blount, a Democratic commissioner with paramount powers sent to Hawaii, and by him the American flag was pulled down from where it was wrongfully placed by those who had wrongfully overthrown our lawful government, and the beloved flag of Hawaii was again hoisted.

Not likely that Islanders will pay 10 cents or 15 cents for a fairly good Havana cigar.

## WORDS STRANGELY DISTORTED.

It is curious how little knowledge of Hawaiian geography is possessed by the average resident of the mainland. Constantly in the newspapers and in the weeklies I read of happenings in Hawaii, or interviews with people from the Islands, in which appear the queerest names of towns and places in the Islands. The average editor in the United States seems to have but a glimmering idea of how many ports there are in Hawaii. Especially in the reports of sugar plantations are the geographical names strangely bungled. For instance, in the Examiner this morning it is recorded that the bark S. C. Allen and the bark Himalaya ar-

ived up to its place on high. This act of love and justice by him will never be forgotten by the Lahul. Many a patriotic tear was shed by those present on that memorable day for this gracious and rightful act.

It was Newlands, another Democrat, who presented the resolution of annexation which passed, and if it had not been for him the republic of Hawaii would never have lost that power of oppression exercised by them upon the nation in those days.

Morgan, also a Democrat. Were it not for him Hawaii would have been without the rights of suffrage. He was one of the commissioners who came out here and worked hard in giving the Hawaiian nation the right to vote by ballot, without property restriction, and with only a slight educational restriction.

Robinson, another Democrat, was the attorney who defended Delegate Wilcox in the charges made against him by the Republicans here to the Congress of the United States of America.

Those of his most intimate friends and those in close touch with the Delegate at Washington are Democrats, and as they are at present in the minority in Congress, to vote for the bill is now working his way in with the Republicans, as they are in the majority. IN ORDER TO GAIN FAVOR, AND BY IT CARRY OUT HIS IDEAS AND PLANS WITH THE HOPE THAT ALL HIS BILLS WILL BE PASSED BY THEM.

The Ke Aloha Aina therefore states that his hoped-for wishes and desires will never be realized, and that he will return by next June with empty hands, having accomplished nothing.

But if the present majority in Congress was a Democratic one, we make this statement to you and feel that the Delegate would have succeeded in all of his measures before then.

Therefore you, the Hawaiian people, must all vote as Democrats at the party, as they will act right and justly with the Lahul, as we are now recognized by and a part of this organization.

## CAUSE OF FALLING HAIR.

Dandruff, Which is a Germ Disease—Kill the Germ.

Falling hair is caused by dandruff, which is a germ disease. The germ in burrowing into the root of the hair, where it destroys the vitality of the hair, causing the hair to fall out, dig up the cuticle in little scales, called dandruff or scurf. You can't stop the falling hair without killing the dandruff, and you can't cure the dandruff without killing the dandruff germ. "Destroy the cause, you remove the effect." Newbro's Herpicide is the only hair preparation that kills the dandruff germ. Herpicide is also a delightful hair dressing.

The Elks will hold their regular weekly social tonight in their hall on Miller street.
